ANNOUNCEMENT

PREPARATION OF TABLES

Authors are advised that in future tables will be directly reproduced by the printer and not type-set. This will materially reduce costs of publication and hopefully reduce delays. The guidelines detailed below should be followed:

1. Page size should be $5\frac{1}{2} \times 9\frac{1}{2}$ inches (or 145 × 235 cm).
2. Large or long tables should be typed on continuing sheets.
3. Table headings should be typed on separate sheets, but identifying numbers should be placed on the upper right-hand corner of each sheet of tabular material.
4. Footnotes should be typed on separate sheets.
5. Original typed tables are required.

It will be the author's responsibility to prepare his tables in accordance with this procedure, as no facilities exist at the Editorial Office for retyping.
