

ANNOUNCEMENT

THE CLAY MINERALS SOCIETY

25th ANNUAL MEETING—37th ANNUAL CLAY MINERALS CONFERENCE

Grand Plaza Hotel
Grand Rapids, Michigan
September 18–22, 1988

Scientific Program (September 19–21)

- GEORGE W. BRINDLEY LECTURE —M. L. Jackson
- PIONEER IN CLAY SCIENCE LECTURE —R. M. Barrer
- SYMPOSIA —Chemistry & Physics of Clay Minerals
—Clays, Pillared Clays, & Catalysis
—Composites & Materials Applications of Clay Minerals
- GENERAL TECHNICAL SESSIONS —Clays in the petroleum industry; Diagenesis and weathering; Colloid chemistry; Soil clays; Environmental and engineering applications of clays.

CMS Workshop—Magnetic Resonance Methods in Clay Science (September 17)

- TOPICS —Theory & practice, Applications to clays
—²⁹Si-, ²⁷Al-NMR spectra of zeolites and clays, mixed-layer clays, pillared clays
—¹H-NMR of clay-water systems, NMR imaging pore geometry in rocks

FURTHER INFORMATION —S. P. Altaner
Department of Geology
University of Illinois
Urbana, Illinois 61801
217-244-1244

Field Trip (September 21–22) —Upper Paleozoic coal- and clay-bearing sedimentary rocks; Pleistocene glacial and lacustrine deposits; Pleistocene paleosols; Modern soils

Sponsoring Institution—Michigan State University

Further Information: T. J. Pinnavaia
General Chairman
Department of Chemistry
Michigan State University
East Lansing, Michigan 48824
517-353-4511

M. M. Mortland
Program Chairman
Department of Crop & Soil Science
Michigan State University
East Lansing, Michigan 48824
517-355-0222
